certain. As to how big a success de-
pends on the vim and push put into
the undertaking by Maysville citi-
zens.

Last year 5,678 persons passed
through the gates. This year we want
15,000.

DO YOUR BIT

The eyes of the world are
on you, Mrs. Housewife, this
week.

The leaders of this nation
at Washington are depending
upon you to sign the food
pledge cards.

President Wilson says that
in no other way can Ameri-
can housewives give greater
assistance in winning the
war.

The soldier boys at the
front and in military train-
ing camps are depending up-
on you to "do your bit" by
joining the food conservation
army.

All Europe will watch the
outcome of this democratic
system of food control. Over
there everyone is on rations,
by autocratic decree of the
ruling powers.

Here in free America you
are given the opportunity to
be your own food controller.

Sign the food pledge cards
and send to the world this
message: "Every loyal Ameri-
can housewife is pledged to
'do her bit' by saving food
that Uncle Sam may keep his
promise to 'grab-stake' our
allies who are fighting with
us."

America. Admission starting today
will be children 6c, adults 11c, a pen-
ny on each ticket goes to the Gov-
ernment, to help win the war.

HIG PRICES FOR TOBACCO

The Ripley (O.) Bee says: Thomas
Malone, of Maysville, was on this
side of the river last week buying to-
bacco. He is reported to have bought
six crops in the Decatur neighborhood
at prices ranging from 25 cents to
32 1/2 cents. This goes over the top
in price for tobacco in this neck of
the woods. A man with a good big
crop of tobacco this year, will be in
the swim. Very few farmers will set
a price on their crops.

Low taxes, cheaper rent, J. D.
EASTON for Mayor.

the Christian Church will meet to-
night at 7:30 o'clock.

WHOLESALE POISONING

IN COUNTY YESTERDAY — JOHN
CROSBY PROMINENT FARMER
DIES FROM TAKING
PARIS GREEN.

Two Relatives, Who Resided With
Him, Were Also Poisoned—Negro
Raised by Mr. Crosby From
Infancy, Charged With
Crime.

Mr. John Crosby, aged 77 years, is
dead at his home on the Kennard
pike, his death having been caused by
some one having administered poison
in his coffee.

Mr. W. F. Thomas and wife, near
relatives of Mr. Crosby, who have
been keeping house and taking care
of his farm for him for several years,
were also poisoned, but will recover.

A half-witted negro, about 40 years
of age, who is known as "Ned" or
"Blackjack," is in jail here, it being
thought that he is the one who ad-
ministered the poison.

Yesterday morning about 6 o'clock
Mr. Crosby, Mr. Thomas, wife and
two children sat down to the break-
fast table to partake of their morning
meal, all of them taking coffee ex-
cept the children.

Immediately after breakfast Mrs.
Thomas went to her room with the
children, leaving her husband and Mr.
Crosby in the dining room. Soon af-
ter one of the children hurried down
stairs and told Mr. Thomas that his
wife had taken suddenly ill. He hur-
ried up stairs but by the time he had
gotten to her he also felt sick. They
one of the children came up stairs
and reported that Mr. Crosby was al-
so ill.

Mr. Thomas, realizing that some-
thing out of the ordinary was taking
place and that the lives of all were
probably in danger, immediately ran
to the phone to call on neighbors for
assistance. After trying to get sev-
eral of his neighbors without avail
on account of the line being
busy, he finally succeeded in getting
Dr. Berry at Washington, and was ad-
vised that all should take an emetic
of salt and water to get rid of the
poison. Mr. Thomas administered the
emetic to all and soon afterwards two
physicians arrived.

It was seen that Mr. Crosby's con-
dition was critical and they and he
were given heroic treatment, but to no
avail, and he passed away about noon.
Mr. and Mrs. Thomas, were also very
ill, but soon began to improve and
were reported as being out of danger
yesterday afternoon. It is not known
whether Mr. Crosby got more of the
poison than the rest of the family or
whether his heart was too weak to
battle with the poison.

Deputy Sheriff George W. Laycock,
Constable James McNamara and
Coroner Charles Slack were notified
and left for the scene of the crime
at 12:30 yesterday afternoon. After
making an investigation they went
out into the cornfield on the Crosby
farm and placed under arrest the ne-
gro known as Ned, who has been with
the Crosby family since he was five
years of age, having been taken from
the County Infirmary by Mr. Crosby.
He is a half-witted fellow and can
not talk very plainly. When arrested
he had a corn knife in his hand but
he made no attempt to use it.

Mr. Thomas said yesterday after-
noon that Mr. Crosby had reprimanded
Ned Tuesday for not tying up
some fodder properly. This scolding
seemed to make the negro mad and
on Tuesday night he did not go to bed
at the usual hour and instead of
sleeping in his regular bed room went
to a room above the kitchen. It is
thought that he arose early and put
Paris green into the coffee percu-
lator, there being a small supply of
Paris green in a cabinet on the back
porch.

Mr. Thomas said that the family
noticed the coffee being green but
thought that it was probably because
it was too strong. He said that a
cup was given to the negro in the
kitchen and that he then went to the
dining room. When he returned the
coffee was gone, but it is not thought
the negro drank it as he never be-
came sick.

Ned is known all over the neigh-
borhood as one who will steal every-
thing he can get hold of and has al-
ways been considered a bad negro.
Several years ago he burned several
hay stacks on the Crosby farm and at
another time hung a valuable horse.
It is also thought that he is responsi-
ble for the big fire in the gas main
near Washington about two months
ago as he came in shortly after the
fire started with his face burned and
his whiskers burned off.

An analysis will be made of the
coffee pot and Mr. Crosby's stomach
will be removed and analyzed before
Coroner Slack will hold an inquest.
Mr. Crosby was a very prosperous
farmer and was well liked by all who
knew him.

iors with a masquerade in the High

INTERNATIONAL AFFAIR

In "Go-to-Sunday-School" Day Next
Sunday—To Be Observed By
Maysville Sunday Schools.

International "Go-to-Sunday-School"
Day will be observed next Sunday,
November 4. Sunday School leaders
in Maysville have already started
their efforts to persuade all citizens
to go to Sunday School. All the
Sunday Schools are expecting ex-
traordinary attendances and some
will prepare special programs.

"Go-to-Sunday-School" Day origi-
nated in Kentucky, and for this re-
ason especial emphasis is placed on
the observance here. The first state-
wide day was observed successfully
on May 3, 1914. Governor James B.
McCreary was the first governor to
issue a proclamation for its ob-
servance, and since that time his ex-
ample has been followed in many other
states.

The movement has been of such
value in increasing the actual mem-
bership of the Sunday School and in
bringing into the church thousands
of people for special days, that the
International Sunday School Associa-
tion has issued a call for a national
observance, and November 4 was cho-
sen. The proclamation this year
from the governor is similar to offi-
cial orders from the governors of nea-
rly every state in the United States.

Do not forget that Maysville is in
a friendly contest with Somerset on
that day and it is up to you to swell
the attendance. It matters not what
school you attend, but GO TO SUN-
DAY SCHOOL, NEXT SUNDAY.

THOMAS M. RUSSELL for Mayor.

Youthful Maysville Poet Aids Muse
As He Dons Khaki—Gives \$500 to
Establish Poetry Prize at
University of Cincinnati.

The Cincinnati Post contains the
following article about Robert Leo
Straus, Maysville boy, now at Camp
Taylor:

Will Cincinnati produce a poet-
soldier?

Friends of Robert Leo Straus, a se-
lected soldier, who made his mark as
an amateur poet in college are ask-
ing this question.

Straus, on the eve of his depart-
ure for military training at Camp
Taylor, gave \$500 to establish a poe-
try prize at the University of Cin-
cinnati, to express his love for his
alma mater.

As an undergraduate he wrote poe-
try, played the violin in the student
orchestra and reveled in philosophy.
His poems shows imagination, his
friends say. Here is one:

She wore the smile that angels wear,
And like a fairy lived for laughter;
I played the fool for I did dare
To touch one thread of golden hair,
But lo! the vision faded there
And left me dreaming after.

Straus was a member of a class in
verse writing to which are admitted
from six to 18 students who wish to
write poetry.

SELECTIVE SERVICE NUMBERS

Men registered for selective service now have an entirely new status, so far as their order of summons is concerned. A registrant's serial number no longer means much, except that it serves to designate him instead of his name. There is no more any assurance that men with low numbers will be called first. The only thing that will count from now on, in determining precedence, is a man's natural liability to army service.

That depends—if he's physically fit—purely on his economic status. Is he needed at home, to take care of dependents, or to do work necessary for the war, or both? If he can be spared from home and work, he'll be called soon. If he has a family really dependent on his earnings, he may never be called at all. It's the single men and the married men whose wives can take care of themselves who are likely to be examined and sent to the training camps in the next batch of recruits.

Registered men are divided into five classes, starting with those who can most easily be spared for fighting, running through various grades of needed-at-home-ness, and ending with the physically incapable. Every man will soon be assigned to a class, and will then know whether or not he is subject to an early call.

Among all the numbers assigned to a particular class the low numbers will be called first. Inasmuch as an entire class will be called at about the same time, such precedence will not matter much.

SEND 'EM COOKIES

From the military cantonments comes the earnest appeal: "Tell mothers, aunts, sisters and sweethearts to send the boys cookies and candy."

The camp fare is good. There is plenty of wholesome food. But army cooking is notoriously shy of delicacies. The soldiers can live without the delicacies, but they want them. It's a natural want, too. Hard work, life in the open and sleep in cool barracks develop a craving for sugar.

Sweet stuff is good for the soldiers. It's one of the finest forms of fuel. It's a better brace than a cocktail for a weary man. It gives him energy and keeps him warm. That's why he likes it so well.

Home-made cakes and cookies and home-made candy—there's nothing like them. The soldiers will appreciate them now as much as they used to when they were little fellows, coming into the kitchen hungry after a morning's play.

ONE FARMER'S PROFITS

An interesting item comes in a dispatch from Lawrenceville, Ga. A farmer near there is said to have sold the following produce at the prices named:

"Eighteen bales of cotton, \$2,700; 100 bushels of peas, \$300; 200 bushels of corn, \$450; 3,000 bundles of fodder, \$75; syrup, \$100; sweet potatoes, \$75. Total, \$3,650."

The only large expenses mentioned in his list are: "Rent, \$140; helper's wages, \$150." His seed had been figured in last year's expenses, as it had been left over from last year's crop.

It looks like a neat profit, doesn't it? Then, the farmer adds, he has not counted in the value of the food consumed on his own table or the profit made on the sale of butter, eggs and vegetables.

A Georgia judge receives a salary of \$3,000 a year. If every farmer could be assured the profit of this one near Lawrenceville, who'd be a judge?

It is rather mean after the Germans have worked hard to dig trenches for the Allies to drive them out and use them.

Called Her Family TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening. I called my family about me...for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

FLAMES SWEEP THE BALTIMORE PIERS WHERE SUPPLIES ARE STORED, CAUSING LOSS OF MILLIONS

Baltimore, Md., October 30—One of the largest fires in Baltimore since the great conflagration in February, 1901, that destroyed the business section of the city, was raging at midnight on the big piers of the Baltimore and Ohio Railroad at its extensive terminal at Locust Point, on the south side of the harbor. Piers 8 and 9 were stored with vast quantities of munitions and supplies for the American forces in France and their allies. Within ten minutes after the flames were discovered the entire structure was ablaze. Fifteen of the crew of a British steamer, lying at the pier, leaped overboard and it is feared some of them were drowned. A dozen or more men employed on the pier are missing.

On one of the piers were cases of

Pitman, N. J.—"I suffered from a weak, run-down condition so I could not get around to do my usual light duties, for I am 73 years of age and past hard work. My daughter brought me a bottle of Vinol and asked me to try it; and after taking two bottles I have a good appetite, rest well at night and am stronger and better in every way."—Mrs. F. THE DAILY REMINDER

In The Day's News

A Mitchell Palmer, who is to be the custodian of alien property under the Trading-With-the-Enemy Act, is a former Pennsylvania congressman and a prominent figure in the councils of the Democratic party. A Pennsylvania by birth and a Quaker by early training, he declined the post of Secretary of War when it was offered to him by President Wilson in 1913. As a member of Congress from 1908 to 1915, Mr. Palmer made his mark in dealing with problems of finance and revenue production, which was natural in view of his experience as a banker and trader. At the expiration of his term in Congress he served for a time as a judge of the Federal Court of Claims. In the position to which he has just been appointed by the President he will act as trustee for all enemy property in the United States and issue licenses exempting enemy concerns from his supervision.

HERTLING CHOSEN CHANCELLOR AS SUCCESSOR TO MICHAELIS

Amsterdam, October 30—Dr. George Michaelis has been replaced by Count George von Hertling, Bavarian Premier, as Imperial German Chancellor lasted just 107 days.

The Kaiser, accepting Michaelis' resignation, appointed him Prime Minister of Prussia.

Count von Hertling, the seventh Chancellor since the foundation of the empire, hitherto coupled with his office of Premier of Bavaria that of Chairman of the Foreign Relations Committee of the Bundestag. He is generally looked upon as a reactionary, opposing the liberalizing reforms now being agitated.

He is known to entertain intimate relations with Austrian official quarters, and was the first German statesman to come out openly for "peace."

WOULD CONNECT CHICAGO WITH NEW YORK

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today, none other is recommended like Doan's Kidney Pills. Forty thousand benefited people gladly testify in the newspapers of their own towns. Forty-five hundred American newspapers publish this bona fide proof of Doan's merit. The type used in no year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 40,000 tongues sound glad tidings to any Maysville sufferer who wants relief from kidney and bladder ills. Here's a Maysville case. Don't experiment. Use the remedy endorsed by people you know.

John J. Bramel, bookkeeper, Walnut street, Maysville, says: "Doan's Kidney Pills have been of great benefit to me and in fact, I attribute fourteen years of my life to them. It was in 1902 that I was suffering a great deal. After long use of Doan's Kidney Pills, I became well and had no bad effects for many years. Recently, however, I noticed my kidneys were not acting right and my system was generally weak. I knew it was a return of the trouble and I didn't lose any time in getting a box of Doan's Kidney Pills at Chanslor's Drug Store. They again gave me the same good results and I consider them a wonderful medicine."

Mr. Bramel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Bramel had—the remedy backed by home testimony. 60c all stores. without forcible annexations and indemnities," after the Austrian Foreign Minister, Count Czernin, had publicly embraced that formula.

Saturday and Sunday Emperor William received in audience of considerable number of personages, presumably to inform himself on the political situation. It is evident the Emperor no longer trusts exclusively to the judgment of Prof. von Valentini, chief of his civil cabinet, who is charged with keeping in touch with the trend of political opinion in Germany and informing the Emperor in regard to it.

No members of the Reichstag were received by the Emperor.

CAN'T GO HOME TO VOTE

Washington, October 31—Soldiers
at the army camps will not be per-
mitted to go to their homes to vote at
the November election. The War De-
partment will provide every facility,
including booths, to enable soldiers
to vote at their camps where the laws
of the states from which the soldiers
come permit of absent voting, but it
points out the impracticability of
granting furloughs to soldiers to en-
able them to return home and vote,
which would lead to a congestion of
railroad passenger traffic.

Camp Taylor, Ky., October 31—An-
nouncement was made today at di-
vision headquarters that the line
drawn by Secretary Baker, that no
soldier may leave camp to vote in
coming elections, will be observed
strictly. Louisville men, who could
vote and return to camp within an
hour, are included in the order.

BIG FIRE

Destroys Food and Munitions Intend-
ed For American Soldiers in
France — Baltimore Piers
Mass of Flames — Loss
Placed at \$6,000,000.

Baltimore, Md., October 31—Slain
in the sweep of flame that destroyed
munitions bound for General Persh-
ing's forces in France, three Britons
were identified today as victims of
the five million dollar fire on Balti-
more's water front. The dead men
are Chief Gunner Brownley, of the
British steamship Kerry Range, and
two sailors. The vessel was badly
damaged and sunk today. The death
list is not expected to go higher than
fifteen although more than a score
of docks workmen have been report-
ed as missing. One man is already
under arrest as the result of com-
bined efforts of secret service men
and police. He is John W. Hitter-
man, alleged to have been seen run-
ning away from the pier when the
blaze was discovered. Other arrests
are expected shortly.

Baltimore, Md., October 31—Twelve
men are unaccounted for and damage
estimated at five million dollars was
done in the fire that swept the B. &
O. piers here today, according to the
latest reports.

Pile of the men believed dead were
working on the piers. Two are un-
accounted for among fifteen of the
crew of the British steamship Kerry
Range, which was badly damaged and
sunk today. They leaped over-board
when the flames swept from the pier
to the vessel. Explosion punctuated
efforts of Baltimore's entire fire-fight-
ing force. Piled on the pier and with-
in steamships were many cases of
ammunition, which detonated as the
flames reached them. Foodstuffs
went up in smoke, food that was to
have gone to the army of America
and France. All doubt as to the orig-
in of the fire was removed by state-
ments from the B. & O. guard and
firemen stationed at the pier. A few
seconds before the flames broke out
in five sections of the pier, these men
saw what appeared to be rockets
going up from half a dozen places.
These were followed by muffled ex-
plosions and the flames came immedi-
ately. Less than five minutes before
the entire structure was in flames the
chief watchman had made a complete
round of the pier.

Officials of the B. & O. this morn-
ing fixed the loss at five million dol-
lars. This is covered partly by the
railroad's replacement fund and in-
surance. Only by heroic work did
the firemen save huge elevators of
the B. & O., which are laden to their
capacity with grain.

POSTAGE INCREASE NEAR!

Letters mailed after midnight to-
day must bear three cents postage, as
at 12:01 a. m. Friday the provisions
of the new war revenue act increas-
ing postage rates on letters goes into
effect. Parcel post packages bear-
ing postage of 25 cents or more will
be taxed at the rate of one cent and
an additional cent for each addition-
al 25 cents or fraction thereof. Re-
venue stamps must be used for the
payment of the tax. Word was re-
ceived by Postmaster Kehoe yester-
day Christmas parcels to soldiers in
France may weight 20 pounds pro-
vided a wooden box not more than
two cubic feet in volume and having
a hinged or screwed lid is used as
the receptacle.

son County Chapter of the American

term of office will expire in 1920.

HALLOWE'EN

Generally Observed Here Last Night
—Youthful Vandals Did Not Do
Much Damage As Police
Kept a Watch-
ful Eye.

All Halloween, or Hallowe'en, the
name popularly given to the festival
of All Saints, was generally observed
in Maysville last night, regardless of
the war, though that fact probably
cast a damp on at least upon the more
frivolous features that usually mark
the celebration.

In olden times the custom of duck-
ing for apples in a tub of water, and
other harmless fireside revelries were
practiced at Hallowe'en, gatherings
and even ceremonies of a more su-
perstitious character, such as sundry
charms to discover the future hus-
band or wife of the inquisitive per-
son, and these diversities were still
found on the programs of modern
Hallowe'en parties. Mischievous
small boys, who have made the an-
cient festival in modern days an oc-
casion for masquerading in grotes-
que attire and wreaking implish ven-
geance upon front gates, signs and oth-
er movable property, came under the
watchful eye of the police force,
which was supplemented by ten ex-
tra men, who were instructed to see
that the tendency to hoodlumism be
suppressed.

The Hallowe'en and Birthday par-
ty at the Mission Home was well at-
tended and much enjoyed by all.

Adjustments Restore Health Quickly
and Permanently

Nature is the Chiropractor's only
aid — adjustments release the pres-
sure from the nerves and make the
way free for Nature to do her part in
sending mental impulses through
them to make and keep the body well.
